SUMMARY OF PRODUCT CHARACTERISTICS (SmPC)

1. Name of the Product

Product Name: Sodium Hypochlorite 2%, Demineralized Water, Ethanol, Sodium Chloride.

Brand Name: Antox Sterilizing Liquid

2. Qualitative and Quantitative Composition

Composition:

Sodium Hypochlorite — 2%

Sodium Chloride — 1.0%

Ethanol — 1.0%

Excipient — q.s (quantity sufficient)

For complete list of excipients refer section 6.1

3. Pharmaceutical Form:

Clear sterilizing liquid for Baby utensils and home hygiene.

4. Clinical Particulars

4.1 Indications for Use

Used for sterilization and disinfection of surfaces, equipment, and environmental areas.

4.2 Posology and Method of Use

Add Antox sterilizing liquid to clean water for use on surfaces, equipment and other items.

4.3 Contraindications

Not for injection.

Not for ingestion.

Not intended for use on open wounds or internal body surfaces.

4.4 Special Warnings and Precautions

Avoid contact with eyes and skin.

Use in a well-ventilated area.

Keep out of reach of children.

4.5 Interaction with Other Products

Do not mix with acids, ammonia, or other cleaning agents.

4.6 Use in Pregnancy and Lactation
Not applicable as the product is not intended for systemic use.

4.7 Effects on Ability to Drive and Use Machines
None known.

4.8 Adverse Effects
May cause irritation if it comes in contact with skin or eyes.

4.9 Overdose
Accidental ingestion may cause irritation of the gastrointestinal tract. Seek medical attention immediately.

5. Pharmacological Properties

5.1 Pharmacodynamic Properties

Sodium hypochlorite and ethanol possess antimicrobial properties effective against bacteria, viruses, and fungi on surfaces.

5.2 Pharmacokinetic Properties
Not applicable.

5.3 Preclinical Safety Data
No additional data available.

6. Pharmaceutical Particulars

6.1 List of Excipients

Purified water and Fragrance.

6.2 Incompatibilities
Do not mix with acids or ammonia-containing products.

6.3 Shelf Life
24 months.

6.4 Special Precautions for Storage
Store in a cool, dry place below 30°C. Protect from direct sunlight.

6.5 Nature and Contents of Container
Available in 750ml, 1L, and 2L containers.

6.6 Special Precautions for Disposal
Any unused product or waste material should be disposed of in accordance with local requirement.

7. APPLICANT
Name of the Applicant

CORMART NIGERIA LIMITED

Business Address:

Km51, Lagos Ibadan Expressway,

Ileke Town Junction,
